THE BOYS AT LETHBRIDGE.

Expectation was on tip too yesterday in view of the games going on at Lethbridge. The despatches given below show that in Lacrosse the game was drawn; in football, Lethbridge won. Tarrant won the foot race for members of the lacrosse and football teams and the 100 yards open race, while Ward came in second in the half mile race. On the whole the Calgary boys have done fairly well. They have evidently met stout competitors, a fact which will be no loss, but rather a gain, to them in their future training and practice.

(Special to THE HERALD.)

Lethbridge, July 1.—The Lacrosse Match was a tie. A. W. Swift scored the first game for Calgary in a half minute. Gallagher took the next for Lethbridge in one hour and a half. The teams played a half hour more until time was up. No more games were taken. There was no betting.

(Special to THE HERALD.)

Lethbridge, July 1.—The 100 yards race for members of Lacrosse and Football teams and the 100 yards open race was won by Lou Tarrant. Ward took second in the half mile race.

As regards the Football Match, all that has come to hand is the report of the Dunmore telegraph operator which says that at 3.30 p.m., the game stood 3 goals for Lethbridge to none for Calgary.

The Holiday in Winnipeg.

(Special to THE HERALD.)

Winnipeg, July 2.—Dominion Day was very generally celebrated throughout the province and territories, the weather being all that could be desired. In the City the chief attraction was the races at Prairie Park, and they were tame. The half mile heats resulted in Billy first, Stella second, Pond Lily third. In the military race, Blizzard first, Buck second, Blackthorn third. Green race, mile heats two in three, Jimmy first, Mona second, Wildrose third. Mile and a quarter dash Davidson first, Jessie Banks second, Melina third. At Dufferin park in the morning, Winnipeg defeated Grafton, Dak., at baseball, eleven to four. In the afternoon Winnipeg defeated Brandon at Lacrosse four straight games. In the evening a number of races and athletic contests took place.

The Winnipeg Masons and friends had an excursion to Minnedosa, where the corner stone of the new masonic hall was laid. The lacrosse team of that place defeated the North End club of Winnipeg, three to two.

The St. Andrew's Society went to Rat Portage and various other small parties had excursions on the river. There were so many different events that scarcely any were very successful.

Cricket in Toronto.

(Special to THE HERALD.)

Toronto, July 2.—The Manitoba and Northwest Cricketers led Toronto 90 to 72, first innings. In the second innings North-westerns made 82; then Toronto made the necessary 101 for two wickets and won. The Manitobans play Hamilton to-day and to-morrow.

Lacrosse in Ottawa and Victoria.

(Special to THE HERALD.)

Ottawa, July 2.—Ottawa beat the Montrealers in the league lacrosse championship match here yesterday, 5 to 2.

Victoria, July 2.—The lacrosse match here yesterday between Victoria and Vancouver resulted in a draw, each club winning a game.

Fire at Seattle.

(Special to THE HERALD.)

Seattle, Wash., July 2.—Fire destroyed a row of buildings on the water front last night; loss \$100,000.

Thirty Left Last.

(Special to THE HERALD.)

Dundas, Pa., July 2.—Work and help have been abandoned at Farm Hill mine and the thirty employees will remain there to-day.

Come to Rest.

(Special to THE HERALD.)

Ottawa, July 2.—John Page, for nearly a quarter of a century chief engineer of the Dominion canals, died suddenly this morning in his office at the Department of Railways and Canals. Although nearly eighty years of age he possessed all his faculties unimpaired. The St. Lawrence canal system will ever remain as a monument to his ability and energy.

Mr. Van-Horne Retiring.

(Special to THE HERALD.)

Vancouver, B. C. July 2.—President Van Horne and party left for the east by yesterday's Atlantic express.

Funerals.

(Special to THE HERALD.)

Gravenhurst, July 2.—John Bard and Miss Hostfield were drowned in the Moon River on Sunday.

Gravenhurst, July 2.—A maniac named William Brown murdered Charles Robinson on Monday.

Honors from the Queen.

(Special to THE HERALD.)

London, July 2.—The Queen has conferred upon the Duke of Connaught the Grand Cross of the order of the Bath, and upon Chief Justice Johnson of Quebec the order of knighthood.

The English Races.

(Special Telegram to THE HERALD.)

London, July 2.—At the Newmarket 1st July meeting yesterday, the race for the July stakes, two year olds, five furlongs 142 yards, was won by Baron de Rothschild's Beauharnais, Rose's bay colt by Hampton out of Rustic Queen second; Broderick Clotte's Urtara third.

Baseball.

(Special to THE HERALD.)

Ottawa, July 2.—The following is the result of Saturday's games.

MORNING GAMES.

INTERNATIONAL.

Toronto 2, Detroit
London 1, Saginaw 3.
Montreal 1, Grand Rapids 17.
AFTERNOON GAMES.
London 13, Saginaw 3.
Montreal 3, Grand Rapids 4.
Detroit 2, Toronto 1.

NATIONAL LEAGUE.

Pittsburg 16, New York 2.
Cincinnati 3, Brooklyn 0.
Chicago 0, Philadelphia 7.

Town Council.

There will be a meeting of the Council this evening for regular business.

Wanted—A first class grocer; man; also a dry goods man. Must be able to dress windows. None but experienced men need apply. G. C. King & Co. July 2

Reading of government thermometer for the 24 hours ending 1 p.m., today:—maximum 57; minimum 51. Today at noon 51. Barometer 30.038.

Police Court.

G. W. Gilmore, a stranger, was arrested last night and this morning was fined by Justice Shelton \$2 and costs, in all \$7.

Shipment of Horses.

Mr. Stinson is shipping to Mr. Glenlyon Campbell, of Riding Mountain, Man., some 32 horses from the N. W. Cattle Co's rancho.—Mr. Stinson is up from High River to superintend the shipment. It was from Mr. Campbell that the N. W. Cattle Co. recently made a large purchase of Highland cattle.

Persons.

Mr. Wylie of the Meriden-Britannia Co., silverware, is registered at the Alberta.
Mr. Poole, representing Caswell & Co., Law Books and Stationery, is in Calgary on his way to the coast. He is stopping at the Alberta.
Mr. R. Stewart, of Hamilton, representing Scott & Co., gloves, gents furnishings and hosiery, is at the Alberta.

Surgeon-General Fraser, ex-army officer, who resides with his son at Glenbow, High River, is stopping at the Alberta.

E. Carbray, commercial traveller of Montreal, is at the Royal.

J. E. Bryant, commercial traveller, Toronto, is at the Royal.

Mr. J. P. Watson, representing the large dry goods house of Caldecott, Burton, & Co., Toronto, spent Tuesday and today in Calgary. He is stopping at the Alberta and has a large sample room in the Rossin House. Mr. Watson has left the ranks of the bachelors since his previous trip and is accompanied by Mr. Watson.

The Pine Creek Sports.

See full report on our last page.

G. C. King & Co's Advertisement.

See King & Co's ad. on our last page today.

The Rifle Match.

This came off yesterday afternoon to appointment, with the following result:—

	200	(5)	300	aggregate.
W. Asseltine	20	20	25	65
J. E. Freeman	15	20	24	59
S. A. Ramsay	23	17	20	60
F. Dick	27	18	13	58
E. Young	28	17	10	55
T. McLean	34	13	4	51
McFarlane	7	10	3	20

Competitors had seven shots at each range. 1st prize was taken by Asseltine, a silver card case from J. W. Power, and \$2; 2nd by Freeman \$4; 3rd by Ramsay, a silver salt cellar from Registrar McLean; 4th by Dick, \$1.

After the match a \$3 sweepstakes was fired for by six competitors, resulting as follows:—Asseltine, 1st, \$1.50; Freeman, 2nd, \$1; Dick, 3rd, 50 cts.

It is proposed to hold a match in September, probably about the 8th or 10th, which will be advertised. The Mayor's prize will then be shot for. It is hoped the citizens will come out and support the association in a liberal way.

Fest of Days.

Remember the Fest of Days Open Hall, Thursday, July 3rd. Firemen's Band, Refreshments, &c.

The Cricket Match.

The match between the N. W. M. P. and the Calgary C. C. was played yesterday under great disadvantages. During the early part of the game a most uncomfortable drizzle fell, while the light was wretched. The C. C. C. went to the wicket first, and chiefly owing to the rain made a very poor stand, only knocking up the poor score 33. Wade and May being the only two to make any stand. MacMahon was most destructive with the ball. For the Police, Reading, Hunt and Currier played well, making 75 out of the total of 99. Owing to the ball being thoroughly saturated, it was very difficult to bowl; nevertheless Cave and Prothero did good work. In the second innings the C. C. C. made a much better showing, knocking up 102. Rogers, Curley, Wade and May all putting in good work. The Police then wanted 42 to win, which they knocked with the loss of four wickets, thus winning the match by six wickets. Capt. McIlree and Mr. Braithwaite acted as umpires. The following is the score:—

LET US LOOK BEYOND TODAY.

We hope our townspeople of Calgary will not permit themselves to be lulled into a false security by the prospect of good times through the expenditure of railway money in our midst for a brief period. The town has been calling out for railways, and it is about to get them. Our citizens have been waiting to see some large expenditure of money going on, and this is about to come. But after the railways have been built, after the expenditure has ended, what? Will we necessarily have good times, or may we expect a collapse? That will depend upon our citizens themselves. They must know that a town can not be drained of its money and still have it. We are and will be sending out immense sums of money for everything we eat and drink and wear and for luxuries,—also for fire insurance, life insurance, and many other things. What are we creating within ourselves by uniting capital and labor? What are we as producers? We are importing enormously; what are we producing and sending out to pay for these importations? We might manufacture boots and shoes here, not only for Alberta's use but for British Columbia and the Territories; yet we are not doing it. We might be brewing "four per cent" beer in Calgary, but, instead, the laws permit the bringing in and sale of beer manufactured in Winnipeg from Manitoba barley, for the people of the Territories to drink, but they forbid us to manufacture beer on the spot for our own consumption. We should be establishing a flour mill for grinding wheat raised in the country, and until such a mill is established the farmers will not grow wheat; but although the existence of such a mill must precede the growth of wheat, nothing has been done to start this important industry, while everything points to the necessity of taking active measures in that direction. In short, we must have factories. We must have labor creating industries of various kinds. We must have a large wage-earning population. We must be producing as well as consuming. Our situation as a distributing centre, with railways east, west, north and south, will be one of the very best in Canada; but what shall we have to distribute if we neglect to secure the establishment of local industries? The railways will carry goods past the town from the business and manufacturing centres of the east, to the points now served by Calgary, unless we take time by the forelock and leave no stone unturned to make of Calgary a business and manufacturing centre. All things favor us in this regard. We are far removed from other commercial centres. We have an extensive mining, agricultural, ranching country that may be made tributary to Calgary. We are producing wool, hides, grain and other raw material of manufactures. We have water powers. We are on the eve of cheap coal. We have the finest climate in the world for all industrial operations. Our position on the railway map is most commanding. Why do our citizens not bestir themselves to secure the establishment of such industries as are most likely to be profitable? Why not get together and exchange views on such subjects, giving one another the benefit of a varied experience? We cannot too strongly urge upon our townsmen the importance of early action in this matter. The day of confidence and hope, the present day, is the time in which to prepare for the future and guard against reaction and "collapse."

High River.
The recent public meeting at High River in connection with the Presbyterian church, and presided over by Rev. Mr. Munro, was very successful. Ten prizes were presented to the young people for proficiency in religious knowledge. Miss May Short and Miss Finlay particularly distinguishing themselves. There were songs, recitations and addresses and a very pleasant evening was spent.

Farm Implements, Carriages, Waggon, Etc.

Having been appointed Agent for The Patterson and Brothers Company's Harvesting Machinery and Farm Implements, I have in stock:—

The Patterson Light Steel Binder.
The New Buckeye Mower, front cut.
The Patterson No. 28 "Tiger" Rake.
The Patterson Power Straw and Ensilage Cutter.
The Patterson Spring Tooth Harrow
(three sizes, 16, 18 and 20 Tooth.)

The Patterson "Oxford" Five-Rake Reaper.
The Patterson Changeable Speed Mower, rear cut.
The Patterson Combined Grain Drill and Seeder.
The Patterson Spring Tooth Cultivator.
The Disc Harrow, for Breaking.
The Patterson Walking Plows (Sod, General Purpose and "Joint-er" Plows.)

The Patterson Mower, front cut.
The Patterson One-Horse "Mayflower" Mower.
The Patterson "New Rapid" Grain Crusher (made in three Sizes.)
The Patterson Two-Furrow Gang Plow.

These Implements are unequalled in quality. They rank as the most superior of all American inventions and stand without a rival as labor saving machines.

Carriages, Waggon, Etc., of all Descriptions.

I am agent for and have on hand:—

Top Buggies, Phaetons, Concords, Democrats, Buckboards, Road Waggon, Sulkies, Etc., Etc.

Attention is called to the excellence of these Carriages and Waggon. The material is the best in use on the Continent and the style and finish are of the very latest.

Buyers are respectfully requested to give me a call and examine my stock. Prices and terms will be found reasonable. Great inducements offered to cash purchasers.

A. J. ROSS, Stephen Avenue, Agent for Alberta.

Manager.

WEDNESDAY, JULY 2, 1890.

WANTED—A BOARD OF TRADE.

Following up our remarks in regard to the establishment of factories and other industries in Calgary, we would urge on our business and professional men the importance of establishing a board of trade for the Calgary district. It is true, Calgary had a board of trade and it collapsed. It has since had a Merchants' Association, and it, too, has faded out. That is no reason why it should not establish a board of trade on a broader basis than either of the past institutions, one that will include our merchants, tradesmen, ranchers, farmers, lawyers, doctors, editors and all who have influence or have anything to contribute to the common stock of information and experience. If it be found necessary—though it scarcely will be—to divide the board into sections, as is done in large cities where boards of trade have been most successful, that can be done, but the general direction should be in the hands not of one class of commercial men alone but in a body representing all the great interests of the community through whose harmonious co-operation the progress of the town and district must be promoted. It would be singular, if in view of the representation which commerce, mining, ranching, manufactures, law, etc., would have on the board, a free interchange of ideas and hearty co-operation in action can not be secured, or if something can not be originated for the common benefit. A meeting place or exchange open to all members, and a secretary a considerable portion of whose time would be exclusively devoted to energetic working up of the board's interests, appear to be essential to success. This, of course, means that a considerable body of members will be required to subscribe a liberal sum of money; and if these conditions can not be attained, talk of establishing a board of trade may as well be dropped. Much, very much, will depend upon an energetic, live secretary; and such an officer equal to all the duties and willing to devote his time to them cannot be had without payment of a reasonable salary. We believe that considering the necessity of immediate and constant consultation in regard to the establishing of new industries, considering the importance of having a representative body as an organ of communication between the people of Calgary, on the one hand, and the Government, the Canadian Pacific and possibly other railways, on the other; considering the new situation created by the construction of the Calgary and Edmonton, the Lethbridge road to the United States, the probable removal of the railway workshops to Calgary, the great questions of Immigration and Colonization in Alberta requiring to be dealt with vigorously, and the scarcely less important questions of local expenditure and taxation, it will be seen that we cannot move too soon in the direction of establishing a board of trade whose study it would be to promote our local interest to the best of its ability. We feel confident that there is a feeling abroad in the community that the time has come for the leading men of Calgary to press forward this needed organization of the commercial, industrial and professional men of the town and district.

The Right Kind of Settlers.

One of our townsmen has received a letter from Mr. W. D. Shattuck, of Quilich, Ont., stating that Mr. Shattuck was about to start for this part of the North-West to settle. Mr. Shattuck has 640 acres of land on High River. He went from New York State and established in Wellington county one of the best creameries in Canada. He is now only waiting for a consignment of imported stock to arrive before leaving for Calgary. His stock will include Clydesdale horses and Durham cattle. The Herald gladly welcomes settlers of Mr. Shattuck's class, a thorough expert in stock and dairy farming.

The Canmore Coal Mine.

A large body of men are still at work on the air shaft, and coal raising for the market is expected to commence soon. The owners of coal mines should know there has been a coal famine in Calgary. Last week and the week before there was no coal to be bought here,—not a barrel full!

Great Sample of Wheat.

Dr. Lindsay has left with THE HERALD a sample of growing wheat which can not be surpassed in Canada. The stalks are 40 inches in length. It is a bearded spring wheat and the beard is already fully formed and the grain well forward to maturity.

Gunning for Trout.

It is said that a Calgary party "shot" a 10 lb trout in the Bow a day or two ago. Is this a sportsmanlike proceeding,—this going gunning for trout?

Bishop Clut's Return.

His Lordship Bishop Clut arrived last night from Europe. He is accompanied by the Rev. Father Brochu and H. Brunette, O. M. I., of the diocese of Montreal; also by the Revd. Brothers Leroux and Bepis from France. They will leave next week for the R. C. missions of the far north, in the district of Athabasca and McKenzie River.

A Remarkable Trout.

There is an exhibition at Topp & Co's. meat shop a trout weighing 35 lbs., measuring 42 inches in length with a girth at the largest part of 27 inches. The head alone must weigh many pounds, but this will be ascertained definitely when the fish has been cut up. This trout was captured by Mr. A. H. Eckford while trawling in Devil's Lake yesterday and was presented to Mr. Braithwaite of the Bank of Montreal. Ten fish taken by Mr. Eckford yesterday weighed 60 lbs., which will be considered most remarkable fishing for any waters. At the request of several parties Mr. Braithwaite will have the 35 lb. fellow photographed. Some two years ago the Vanderbilt party caught a 40 lb. trout in the same lake, but these great fish are peculiar to the Rocky Mountain lakes; they are caught nowhere else. We may add that Mr. Eckford and party came near being upset in the lake while landing his big trout with a gaff.

A New Opera-House.

There may be seen at the office of G. C. Marsh & Co. plans for an opera-house for Calgary, the work of Mr. Sharp, builder, of Winnipeg, which seem to be carefully drawn to meet the amusement wants of the place. They show a block with 100 feet front and 130 feet deep and provide for a first-class theater with three tiers of seats, and for four stores on the ground floor, and seven offices, each, in the first and second stories. The auditorium of the theater will be 50x60 feet, the stage 60x30 feet. On the main floor will be the parquetry and parquetry circle; above that the dress circle, then the gallery for "the gods." There will be two private boxes on each side of the stage, and similar boxes on each balcony. The dressing-rooms will be in the basement under the stage, and the basement will extend under the whole of the building. The seating accommodation will be about 750. The front of the building will be 100 feet by 42 feet high. The ground floor will be occupied by four large stores. Those at the side will run back 100 feet and be 20 feet wide, the rear of these being but one story high; those in the centre will be 16x42 and 16x50. There will be three entrances in front, one in the centre, being the lobby of the theater, 12 feet wide; the others are entrances and stairs to the upper offices, 4 feet wide. The seven offices on the first story will include two 24x29, two 16x29, one 14x29, and two 14x17. The seven rooms on the upper story are of the same size, and no doubt all of the shops, offices and rooms will be in request, as it is expected that the location of the building will be very central and the block will soon become a commercial centre. Already there are parties figuring on renting the best of the stores for shops, restaurants, etc. It is expected to be built of stone and brick and to cost \$60,000, and a large rental from the shops and offices alone is anticipated, to say nothing of the demand for the Opera House and for local entertainments. It is decidedly a move in the right direction, one to which we wish unbounded success.

TELEGRAPHIC.

The Crop Prospects in Manitoba.
WINNIPEG, June 27.—The Department of Agriculture has issued a bulletin on the condition of the crops and live stock. 378 correspondents reported simultaneously, June 15, that the weather was admirable for seeding, the growth slow early in the season, but very rapid later on. The average fall of rain over the whole province has been 17.9 inches and only a few places are reported as needing any.

The acreage under crop 1,033,263, an increase of 160,000 over last year. The condition of grain, root and hay crops in almost every district is reported excellent and the prospects of a bountiful yield never more promising. Live stock are also in a flourishing condition.

Lieut. Governor of Nova Scotia Dead.
HALIFAX, June 26.—Lieut. Governor McJellan, who has been suffering for some time with heart trouble, died this morning.

Middletown to Resign.
OTTAWA, June 26.—It is understood on excellent authority that Gen. Middletown will tender his resignation as commander of the militia of Canada shortly after the close of the military camps, which he will inspect, and the meeting of Dominion Rifle Association.

Commissioner Herchmer at Winnipeg.

WINNIPEG, June 28.—Commissioner Herchmer of the mounted police is here on his way to Saltcoats on a tour of inspection. He reports everything progressing nicely in the force, and the North-West crops looking better than Manitoba.

Mr. Dewdney Visits Cape Breton.
OTTAWA, June 26.—Mr. Dewdney will leave shortly for Cape Breton, where he will inspect the Cape Breton Railway and report to the Privy Council. He afterwards visits the Northwest.

The Hudson's Bay R.R.
WINNIPEG, June 28.—An Ottawa despatch to the Free Press announces that the Government has made an agreement with the Hudson Bay Railway Company, granting \$80,000 per year for the portion between Winnipeg and Saskatchewan.

Elections in P. E. Island.
HALIFAX, June 28.—Seven seats in the Legislative Council of Prince Edward Island are now vacant. The elections for five of them will be held 30th July.

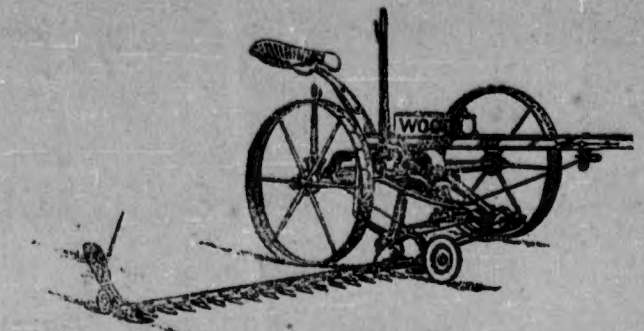

Captured After a Two Years' Chase.
NEW ORLEANS, June 28.—A telegram from Paris, Texas, to the Times-Democrat says the trainmen arriving there on the "Frisco" road reported that five of Pinkerton's men boarded the north-bound train at West York, Arkansas, Thursday night, with Tascott, the murderer of Banker Snell of Chicago. The prisoner was said to have been identified by men from Chicago.

No Hope for the Entombed Miners.
DUNBAR, Pa., June 28.—A fierce fire is now raging two thousand feet down into the Hill Farm mine. The rescuing party have been withdrawn and guards are placed to prevent reckless persons from attempting to rescue the entombed miners. There is no longer any hope.

The Fishermen's Fight on the Newfoundland Coast.

NEW YORK, June 21.—The Herald's special from Bay St. George, Nfld., gives an account of the disturbances which occurred on Wednesday last at Broad Cove, Conception Bay, between the French and Newfoundland fishermen. About twenty schooners had put into the Cove for the purpose of catching bait fish to be used in the Grand Banks codfishing. Seven schooners were French, three or four American, and the others Newfoundlanders. The Newfoundlanders and Americans got into the Cove first and their nets took about all of the choice places for catching small bait fish. When the French schooners came in their masters ordered the Newfoundlanders to take up their nets immediately, resting their order on the treaty which gives the French priority of rights to shore fishing. The Newfoundlanders refused to obey and the French made an attack on their dories and attempted to drive them away. After a lively fight in which clubs, oars, boat hooks and similar weapons were freely used, the French were compelled to retreat. No one was killed or fatally wounded, but there were many broken bones and a number of badly beaten sailors. When the news reached Bay St. George two French men of war and one British cruiser sailed for Port au Port, and it is thought there will be no further trouble. Fishermen who brought the news differ as to whether Americans took part in the row. One says they helped the British beat the French. Another says they took no part in the fight.

THE BLACKFEET SUN DANCE.

The Blackfeet on the reserve are actively preparing for their great annual feast and sun dance. Most of them have left the north and south camps and have encamped between the two and about six miles east of Agent Begg's residence. Their tipis are pitched in the form of a military camp, in circles, with the chiefs' camps in the centre. In these tipis the squaws are busily engaged in preparing feathered head dresses, bead work, and ornamental clothing of various kinds, with which to decorate the braves and themselves for the sun dance, to come off in July. The missionaries are not idle meanwhile. The Rev. Mr. Tims and his assistants are at work in the camp, having established a school in a large tent, with more pupils than can be got under the canvas. All the Indians who visit town, whether Blackfeet or Sarcees, have money wherewith to buy beads, red flannel and other material for decorating their persons. No Indian will part with his or her finery at present, everything being reserved to make a fine appearance at the coming festival.

The Church at Pine Creek.

The laying of the foundation of the Presbyterian church at Pine Creek was completed yesterday by contractor Smyth, and work on the superstructure has been commenced. Mr. Munro has succeeded well in securing subscriptions and the present would be a good time for subscribers to turn in the cash.

SCOTT'S EMULSION

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Post Office, &c., Vancouver, B. C." will be received at this office until Tuesday, 15th July, 1900, for the several works required in the erection of Post Office, &c., Vancouver, B. C.

Specifications can be seen at the Department of Public Works, Ottawa, and at office No. 2, Lefevre Block, Hastings street, Vancouver, B. C., on and after Tuesday, 17th June, and tenders will not be considered unless made on form supplied and signed with the actual signatures of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. This cheque will be forfeited if the party decline the contract, or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By Order, A. GORRILL, Secretary, Department of Public Works, Ottawa, 7th June, 1900.

Public Notice

NOTICE is hereby given Warning all Persons

against settling on the Indian Reserve known as

"Pass-Pass-Chase's Reserve"

situated at the Two Hills, five miles south of Edmonton on the Calgary trail, the same being bounded as follows, viz:

"By a line beginning at a post in mound, 'twenty-eight chains and forty-six links, more or less, North, and seventy-one chains and seventy-five links, more or less, West of the North East corner of Section 7, T. 22, Range 24, West of the 4th Initial Meridian, and running East five hundred and sixty chains, more or less, to a post, thence South four hundred and fifty-three chains and forty-three links, more or less, to a post, thence West five hundred and sixty-two chains and seven links, more or less, to a post, and thence North four hundred and fifty-seven chains and fourteen links to the point of beginning."

Further notice is hereby given that no compensation will be allowed for any improvements that may be found on any portion of the said Reserve at time of sale thereof.

By Order of The Supt. Genl. of Indian Affairs, (Sgd.) HAYTER REED, Commissioner of Indian Affairs for Man. and N. W. T. Regina, June 9th, 1900.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba, or the North-West Territories, excepting 8 and 28, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make the entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for three years anywhere within two miles of the homestead quarter section, and afterwards actual residence in the homestead house upon the homestead for three months next prior to application for patent. Under this system, 16 acres must be broken the first year after entry, 15 additional in the second, and 15 in the 3rd year; 15 acres to be in crop the second year, and 20 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof), breaking 3 acres the first year, cropping these 3 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, any homestead inspector or the intelligence officer at Medicine Hat or Qu'Appelle station. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES

are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent, a certificate of reconveyance in countries ceded by the Commissioner of Dominion Lands, or an application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1887.

INFORMATION.

Full information respecting the land, timber, coal and mineral laws, and copies of these regulations, as well as those respecting Dominion Lands in the Northwest Territories, may be obtained upon application to the secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg; or the Agent of Dominion Lands, Medicine Hat or the North-West Territories.

By Order, H. G. BROWN, Interior.

IMPORTANT AUCTION SALE

—OF—

Well Bred Stock,

At J. G. Fitzgerald's

AUCTION YARDS, CALGARY.

On Aug. 18th

On Aug. 18, 70 head of Domestic Cows and young stock, 3 pure bred Hereford bulls, including imported bull Ottum, and 4 of the best bulls in Canada. The herd is the property of Messrs. Jenkins Bros., of Beaver Dam Creek, Alta., and are a selected lot, thoroughly domesticated. Their tendency to yield large quantities of milk has induced the owners to dispose of them. They are young and in good condition, and will be sold without reserve.

J. G. FITZGERALD,

Auctioneer.

June 3

THE LIBERAL JOURNAL OF ONTARIO

The Liberal Journal of Ontario are not agreed on the question of the leadership of their party. The Dundas Banner, a prominent journal, urges the selection of Mr. Blake once more, holding that "in the present state of the public mind, more especially in Ontario, it is evident that a French-Canadian leader is at a disadvantage," etc. In reply the Hamilton Times, an extreme Liberal, declares Mr. Blake's "Malvern heresy" - that "the requirements of the revenue necessitate the retention of certain duties which would be highly protective in their nature" - can not be condoned. "Mr. Laurier," says the Times, "may labor under the disadvantage of being French but I do not make Malvern speech." We hear that Mr. Blake is quite opposed to the Unrestricted Reciprocity idea which his party have taken up and blames Sir Richard Cartwright for precipitating the policy of the Liberals. Nevertheless Sir Richard is the most energetic, the most positive, and withal the most sagacious of the Liberal leaders. He is far and away ahead of either Mr. Blake or Laurier.

SOME surprise is expressed here at Hon. Mr. Dewdney being sent to Cape Breton to examine and report upon a railway the Government are building there. No surprise need be felt in this connexion. Sir John Macdonald is Minister of Railways as well as Premier, and Sir John is about to take his summer vacation at his favorite Riviere du Loup. Still, the business of the Railway Department must go on, and Mr. Dewdney, who has seen nothing of the Maritime Provinces, is so strong in Sir John's confidence that he has been selected to make the report for the Department. Mr. Dewdney will have a pleasant outing by the bounding sea while engaged in a necessary bit of departmental work.

THE FARMER'S OPINION

The farmer excursionists who were sent out into the country to view the land, by the Town Council, greatly enjoyed their trip, and have sent to the Council an expression of their gratification with what they saw in and around Calgary. The following is a copy of a letter they have sent to the Council:

CALGARY, June 24, 1890.
TO HIS WORSHIP THE MAYOR AND COUNCIL:

GENTS:—We, the undersigned excursionists to Alberta, having availed ourselves of your kindness in providing us with carriages for a drive to Pine Creek, take this opportunity of offering you our hearty thanks.

The outing was exceedingly pleasant and one which will tend to increase the value of this favored portion of the Dominion in our estimation. We have golden opinions of Calgary and its promising future and will not fail to so inform our relatives, both in Ontario and England.

We are surprised to observe the wonderful progress your town has made during a period of four or five years, a circumstance doubtless due to your own untiring efforts, coupled with the benign influence of the C. P. R.

We are very favorably impressed with the crops we saw, all of which are looking extremely good. The further west we came the better the crops appeared to be and around Calgary they certainly came up to our most sanguine expectations.

(Signed): Dr. W. M. Ireland, Trenson, Ont.; A. H. Skirving, Chatham, Ont.; Francis Sewell, Suffolk, Eng.; James Burns, John McGee, Ontario; R. H. Moore, Parry Sound district, Ontario; John Fell, Perth county, Ont.; Geo. McMonigal, Stormont county, Ont.; Theo. Fletcher, Henry Clayton, Port Hope, Ont.

Railway Construction Commenced.

The work of construction commenced on the Calgary and Edmonton Railway with the despatch yesterday of a cross-section party under Mr. Kirby, who commenced operations five miles up Nose Creek. This is the preparatory work for practical construction, so that the building of the road north may be said to have actually begun.

Crops on Section 27.

Mr. John Scott, Sec. 32, this township, reports his potatoes nearly ready for pulling, and his barley ready for cutting in three weeks. His neighbor, Mr. Bruce, has crops that equal anything ever seen in any country.

Sir John Macdonald travelled home from Kingston to Ottawa the other day, at the rate of 50 miles in 55 minutes. Sir John is the fastest old man in Canada. He is 78.

NOTICE.

GENTLEMEN: During the past three months my business has increased to such an extent that I am now in a position to give you

PINE CREEK SPORTS.

Despite the inclemency of the day there was a respectable attendance at Pine Creek sports. Calgary turned out well, all things considered. There were present a goodly number of the fair sex, some on horseback, some in carriages and some on foot. There must have been forty or fifty horses on the grounds at one time. The Indians were on hand, as usual, all mounted, with Bill Gladstone to represent their interests in the contests. Deerfoot took the men's hundred yard foot race with ease. The half-breeds were around "tenting it," and in fact all classes were represented, although the whole number of spectators was far from what it would have been had the weather not shown up so badly early in the morning. To say the weather was "inclement" is putting it mildly. There was not a clear eye minutes in the day. When it was not raining there was a Scotch mist, quite as bad as honest rain. The caterers were on hand, but their takings were not what they had anticipated; the hotels were well patronised, doing a fair business in the circumstances. Messrs. Hooley, Wooley-Dod, Pratt and others of Pine Creek managed the affair very satisfactorily to all concerned.

The day's amusement opened with the 3 year old race, the entries being McAbee's Lady Mac, Darg's Tommy, Somebody Else's Moscow and Jack Gilchrist's horse from the Cochrane Ranch. Gilchrist came in 1st, McAbee 2nd, Tommy 3rd. McAbee protested against Gilchrist on the ground of irregular entry but the judges overruled the protest and awarded the race in the order named. 1st prize \$20, 2nd \$10.

Men's 100 yd. race: Won by Deerfoot (1st), Cancellor (2nd), D. W. Fraser (3rd). The 1st prize, a pipe, valued at \$5 presented by T. J. Benskin & Co., with \$5 added; 2nd \$5; 3rd \$3.

Boys' 100 yd. race: Joe L'Hirondelle, 1st (prize a suit of clothes presented by Rankin & Allan); 2nd Tom Douglas, \$3.

The Cow Horse Race was ridden in stock saddles. The entries were W. Wood's—, W. Newbolt's Dandy, E. McAbee's Fanny, Hooley's Rat, Frank Hamilton's Billy. They all went off and over the course without the start being given, and had to run over again; Hamilton 1st (\$30), McAbee 2nd (\$15).

For the Pony Race the entries were McAbee's Lady Mac, Joe Spence's Dan; Fraser's Vixen. Result: Dan 1st (\$35), Lady Mac 2nd (\$15).

The Ladies' Race was for a bridle and martingale presented by Carson & Shore, value \$8, with \$12 added; 2nd, bridle from Hutchings & Riley, worth \$5 with \$5 added. There was a third prize, but only two entries. Miss Winterbottom came in 1st, Miss Field 2nd. Neither of the riders passed between the pegs at the finish, but Miss W. seeing her mistake rode back and made the finish.

Trotting Race:—Dexter, entered by J. T. Carter, Annie Laurie, by Pavey, and Fred W. by Wainwright. Dexter came in first in the 1st heat, Annie Laurie 2nd. In the 2nd., Dexter 1st, Fred W. 2nd. The prizes went 1st, (\$30) to Dexter, 2nd, (\$15) to Wainwright.

Standing long jump: D. W. Fraser 1st, Cancellor 2nd.

Running long jump: Geo. Ross 1st (18ft 9in.), Cancellor 2nd (17ft 9in.).

Running high jump: Ross 1st, Ed. McAbee 2nd.

Standing high jump: Jack Donohue 1st, Ed. McAbee 2nd.

The 600 yds. race open to all, heats, was changed to a dash. Won by Farley's Chuck 1st (\$35), Hooley's Rat 2nd (\$15).

In the 1/4 mile dash Hamilton's Billy came in 1st (\$35), McAbee's Lady Mac 2nd (\$10).

The consolation race was taken by McAbee, \$10.

Mr. Ellis did some pool selling on the grounds, Mr. Cave acting as secretary. The proceeds were turned over to the committee. It was a dry business. The wheel of fortune went round but business was slow. Two ladies representing the Pine Creek Presbyterian church (the building now in course of erection) were more successful. They canvassed right and left and so satisfactorily were their takings that when they struck the Editor they had collected \$14, although then only about 10 minutes on the grounds. It bid fair to be a good day for the Presbyterians.

Mr. Burrows in Town.

Mr. Acton Burrows, proprietor of the Western World and president of the Nor-West Farmer Publishing company, Winnipeg, is spending a day or two in the city on his way to Banff. This is his first visit to Calgary and he expresses himself charmed with its situation and with the solidity of its buildings. The Western World for August will contain an illustrated description of this district, data for which Mr. Burrows is now collecting.
